Advantage of OOPs
Object and Class
Inheritance (IS-A)
Aggregation
polymorphism
Method Overloading
Constructor Overloading
Method Overriding
Abstraction
Abstract class
interface
static variable, method and block
this keyword
super keyword
final keyword
static keyword
Encapsulation
static and Dynamic binding
Package and Access Modifiers
Object class
Object Cloning

Array

Introduction to array
Array method
Array object

String Handling

String : What and Why?
Immutable String
Methods of String class

StringBuffer class
Methods of StringBuffer class
StringBuilder class
Methods of StringBuilder class
StringJoiner Class
Methods of String Joiner
toString method

Exception Handling

Exception Handling : What and Why?
Types of Exception
Checked Exception
UnChecked Exception
try and catch block
Multiple catch block
finally block
throw keyword
throws keyword
Custom Exception

Input and output

File Output Stream &File Input Stream
File Writer & File Reader
Print Stream class
Print Writer class
Scanner Class

JDBC

Basic SQL queries
JDBC API
Steps to connect to the database
Connectivity with MySQL
JDBC Drivers
DriverManager
Connection interface
ResultSet interface
Statement interface
Prepared Statement

Servlet

Basics of Servlet

Servlet: What and Why?
Basics of Web
Servlet API
Generic Servlet
Http Servlet
Servlet Life Cycle
Working with Apache Tomcat Server
Servlet with Mapping XML File

Servlet Request
Servlet Request methods
Servlet Response methods

Servlet Collaboration
Request Dispatcher
send Redirect

Servlet Config
Servlet Config methods
Servlet Config example

Servlet Context
Servlet Context methods
Servlet Context example

Session Tracking
Cookies
Hidden Form Field
URL Rewriting
Http Session

Servlet with DB

Regestration example with DB

Filter
Filter
lifecycle of Filter
Methods of Filter
Authentication Filter
Filter Config
Useful examples

JSP

Basics of JSP
Life cycle of JSP
JSP API
JSP in Eclipse and other IDE's

Scripting elements
scriptlet tag
expression tag
declaration tag

9 Implicit Objects
out
request
response
config
application
session
page Context
page
exception

Directive Elements
page directive
include directive
taglib directive

Action Elements
jsp:forward
jsp:include
Bean class
jsp:useBean
jsp:setProperty &
jsp:getProperty

Expression Language
MVC in JSP
JSTL

Maven
Maven: What and Why?
Maven introduction
How to install Maven?
Maven Repository
Understanding pom.xml
Maven Example
Maven Web App Example
Maven using Eclipse
